Related Party Transactions Policy

RELATED PARTY TRANSACTIONS POLICY
(Amended w.e.f January 30, 2025)

1. PREAMBLE:

Larsen & Toubro Limited (“L&T” or “the Company”) is a conglomerate of various businesses. The Company has no identifiable promoters and its shares are widely held. The Company and its group is professionally managed and has good corporate governance and internal control systems.

The Board of Directors (“the Board”) of the Company understands the importance of stakeholder’s confidence and trust in the Company. In order to preserve the same with transparency and to ensure that there is no conflict of interest inflicting any apprehension in the minds of its stakeholders, the Board of the Company, acting upon the recommendation of its Audit Committee (“the Committee”), has adopted the following policy and procedures with respect to Related Party Transactions.

2. PURPOSE:

The policy is not only to be in the best interests of its stakeholders but also in due compliance with the requirements of the Companies Act and other applicable laws of the country. Further, as per Regulation 23(1) of the Securities and Exchange Board of India (Listing Obligations & Disclosure Requirements) Regulations, 2015, a policy needs to be formulated to deal with Related Party Transactions including formulating a policy on materiality of Related Party Transactions.

3. DEFINITIONS:

(a) “Act” means the Companies Act, 2013.

(b) “Arm’s length transaction” means a transaction between two related parties that is conducted as if they were unrelated, so that there is no conflict of interest.

Pricing, though being an important factor, may not be the only determinant of a transaction being at arm’s length.

In order to ensure that the transaction is at arm’s length, judgement needs to be applied and the following points can be considered for the same:

- Transaction is in line with the principles of the Transfer Pricing Guidelines of the Income Tax Act, 1961 (though transfer pricing is not applicable for domestic transactions under the IT Act)
- Transaction is as per the prevailing pricing policy / market price / same price (or margin) as compared to transactions with unrelated parties.
- Transaction is comparable with third party quotations / bids.
- Transaction is based on cost sharing agreements (in cases where cost is shared based on benefits derived).
- Transaction is at a price in line with the valuation done by an external independent expert.

Guidance may be taken from the examples laid down in the Standard on Auditing 550 on Related Parties (SA 550) for this purpose.

- (c) “*Audit Committee*” means Audit Committee of the Board of Directors of the Company.
- (d) “*Board*” means Board of Directors of the Company.
- (e) “*Group Company*” means subsidiaries and associates of the Company.
- (f) “*Listing Regulations*” means the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 including any subsequent modifications or amendments thereof (SEBI LODR).
- (g) “*Material modification*” would mean any modification to the related party transaction which shall result in:
 - an impact on the value of the transaction by 30% as compared to the approval given by the Audit Committee / Board / shareholders earlier
 - the transaction not being at arm’s length.
 - Novation of RPT in favor of another group company, except where such novation is on account of any statutory requirement.
- (h) “*Material transactions*” would mean transactions or series of transactions in one financial year with any single related party exceeding Rs. 1,000 crore or 10% of the annual consolidated turnover of the Company whichever is lower as per the last audited financial statements of the Company.

Payments to a related party towards brand usage or royalty exceeding five percent of the annual consolidated turnover of the Company would be considered as ‘*material transaction*’.

- (i) ‘*Ordinary Course of Business*’ means normal, regular business activities carried out by the Company in line with its Memorandum and Articles of Association. Since the term Ordinary Course of Business is not defined under the statute, the Company would exercise judgement on this aspect and for the purpose of the same, using the following guiding principles:
 - The Company has done similar transactions in the past.
 - Such transactions are carried out at regular frequency.
 - Activities relating to mergers, demergers, restructuring, etc. for organic and inorganic growth and are common for the industry/(ies) to which the Company belongs.

The guiding principles are not exhaustive and the facts and circumstances of each case would be examined before concluding on the matter.

- (j) “*Related Party*” is a party as defined in sub-section (76) of Section 2 of the Act and Regulation 2(zb) of SEBI LODR including modifications or amendments made thereto.
- (k) “*Related Party Transaction*” or “*RPT*” means transactions as given under clause (a) to (g) sub-section (1) of Section 188 and the Rules related thereto and as defined in Regulation 2(zc) of SEBI LODR including modifications or amendments

made thereto. These include sale, purchase, leasing or supply of goods or property, availing / rendering of any services, appointment of agents for any of the above and underwriting of securities and transfer of resources, services or obligations between the Company and its related parties, irrespective of whether a price is charged or not.

4. POLICY:

Irrespective of the materiality, prior approval of the Audit Committee will be sought for the following Related Party Transactions:

- Transactions between the Company and its Related Party.
- Transactions between a subsidiary and its related party if the annual value of all transactions of such subsidiary with that related party exceeds 10% of the annual consolidated turnover of the Company as per last audited Balance Sheet of the Company – applicable for the financial year 2022-23.
- Transactions between a subsidiary and its related party if the annual value of all transactions of such subsidiary with that related party exceeds 10% of the annual turnover of such subsidiary as per its last audited Balance Sheet – applicable from the financial year 2023-24.
- Transactions between the Company and / or its subsidiaries with unrelated parties, the purpose and effect of which is to benefit the Related Party of the Company or any of its subsidiaries – applicable from the financial year 2023-24.
- Any material modifications to approved RPTs.

5. APPROVAL OF TRANSACTIONS:

A. AUDIT COMMITTEE:

The onus will be on the Business head and the respective Finance & Accounts (F&A) head of the Independent Companies (IC) as well as Corporate Accounts to refer RPT or potential RPT's to the Audit Committee.

If the Audit Committee or its Chair or the concerned F&A head determines that a RPT should be referred to the Audit Committee or if the Audit Committee in any case elects to review any such matter, the Audit Committee will review and approve the contracts / arrangements / transactions, including modifications.

The Audit Committee shall consider the following factors while determining approval–

- (a) Name of the related party and its relationship with the Company or its subsidiary including nature of its concern or interest;
- (b) Nature, material terms, monetary values, tenure and particulars of the contract / arrangement / transaction;
- (c) Method and manner of determining the pricing and other commercial terms;
- (d) Whether the RPT is at arm's length;

- (e) Percentage of the value of the proposed RPT to the annual consolidated turnover of the Company/ standalone turnover of the subsidiary;
- (f) In case of RPT involving loan, advances, ICDs or investments made / given by the Company / subsidiary:

- (i) Percentage of the value of the proposed RPT to the annual consolidated turnover of the counterparty (voluntary); and

Since, the Company is a conglomerate consisting of several Group Companies, often contracts / arrangements with S&A companies would result in RPT's. However, it is to be considered that subsidiaries are formed for particular purposes like requirement of specific regulatory authorities, venturing into new sectors, etc. Though the contracts / arrangements entered into with Group Companies may be RPTs, they would be in the ordinary course of business itself. The Audit Committee will grant omnibus approvals for the RPTs and such approval would be valid for one financial year. The Audit Committee may also grant omnibus approvals for the RPTs of its subsidiaries as it may deem appropriate.

The Audit Committee will additionally consider the following while granting omnibus approvals:

- i. Repetitiveness of the transaction;
- ii. Justification for the need of omnibus approvals;
- iii. Maximum value of the transactions, in aggregate, which can be allowed under the omnibus route in a year;
- iv. The maximum value per transaction which can be allowed;
- v. Extent and manner of disclosures to be made to the Audit Committee at the time of seeking omnibus approval;

Where a RPT cannot be foreseen and aforesaid details are not available, the Audit Committee may make omnibus approval for such transactions subject to their value not exceeding rupees one crore per transaction.

With reference to clause (iii) above, the Board has set a limit of Rs. 42,000 crore or USD 5,000 million (whichever is higher) for issuance of Parent Company Guarantee and Rs. 20,000 crore for all other transactions.

With reference to clause (iv) above, the Board has set a limit of Rs. 1,000 crore.

In the event the Company becomes aware of a transaction with a Related Party that has not been approved under the Policy prior to its consummation, the Audit Committee shall examine all facts and circumstances pertaining to non-reporting of such RPT to the Committee and may ratify such related party transaction.

Ratification is required to be done within 3 months of the date of the transaction or at the next meeting of the Audit Committee, whichever is earlier, subject to the following conditions

- a) the value of the ratified transaction(s) with a related party, whether entered into individually or taken together, during a financial year shall not exceed Rs.1 crore
- b) the transaction is not material in terms of provisions of Regulation 23 (1) of SEBI LODR
- c) rationale for inability to seek prior approval is placed before the audit Committee
- d) details of such ratification shall be disclosed along with the disclosures of related party transactions in terms of provisions of Regulation 23 (9) of SEBI LODR

Failure to seek ratification of the audit committee shall render the transaction voidable at the option of the Audit Committee.

Explanation: Subject to provisions of the Policy, the related party transactions which were not pre-approved by the Audit Committee will be placed for 'ratification' before the Audit Committee. The material modification to a pre-approved related party transactions will be placed for approval before the Audit Committee as 'modification'.

Only those members of the Audit Committee who are Independent Directors will approve RPTs. Any member of the Audit Committee having a potential interest in the proposed RPT will not participate in the discussions nor vote on the proposal for approval of the transaction.

The Audit Committee shall at the end of every quarter appraise the position of the approved transactions to ensure that all necessary requirements are being complied with. The Audit Committee shall also review the status of long-term (more than one year) or recurring RPTs on an annual basis.

continuously.

C. SHAREHOLDERS:

All Material Transactions and any material modification thereto, will be referred to the shareholders for prior approval.

A summary of information provided by the Management to the Audit Committee under Clause 5A (a) to (e) shall form a part of the explanatory statement. In addition to the same, the shareholders will be provided with information under clauses 5A (g) to (i) and clause 5A (f), wherever applicable.

No related party will vote on such resolutions irrespective of the fact whether it is a related party to the transaction or not.
